PUBLIC RECORDS

Index to Statements and Reports

The Federal Election Commission today publishes an index to certain 1975 statements and reports filed under the Federal Election Campaign Act of 1971 and the Federal Election Campaign Act Amendments of 1974. This index includes statements and reports filed for the period January 1, 1975 to December 31, 1975, as amended through, from Presidential and Vice Presidential candidates and their supporting political committees, as well as those from multicandidate political committees. These documents may have been filed with the Commission or any of the former Supervisory Officers: the Clerk of the U.S. House of Representatives, the Secretary of the U.S. Senate, or the Comptroller General of the U.S.

This index does not include reports and statements from candidates for the U.S. Senate and U.S. House of Representatives or their personal political committees, such reports having been filed with and indexed by the Secretary of the Senate and the Clerk of the House of Representatives respectively, during the period covered by this index.

The Federal Election Commission is required by 2 U.S.C. Sec. 438(a)(6) "... to compile and maintain a cumulative index of reports and statements filed with it, which shall be published in the *FEDERAL REGISTER* at regular intervals and which shall be available for purchase directly or by mail for a reasonable price." This index is published to meet that requirement. Additional copies are available from the Commission for $.25 per copy.

Thomas E. Harris
Vice Chairman, for the
Federal Election Commission

July 1976

SUMMARY

The Campaign finance laws passed in 1971 and 1974 require detailed campaign finance reports on contribution and expenditures from candidates for Federal office (President, Vice President, U.S. Senator, U.S. Representative) and their supporting political committees. As a result, over 100,000 reports totaling more than ¾ million pages were filed with one or more of the three Supervisory Officers: the Clerk of the U.S. House of Representatives, the Secretary of the U.S. Senate, and the Comptroller General of the United States.

With the establishment of the Federal Election Commission in 1975, a single, central office, with easy access and copying facilities for all of these statements and reports, came into existence. The Commission has assumed control of all documents filed with the Comptroller General, as well as duplicate sets of those filed with the Secretary and the Clerk. The Commission now encourages the greatest possible use of these documents. The Commission also hopes this index will serve as an easy reference guide for the public to use in understanding and obtaining those records.

REVIEWING REPORTS

All of the statements and reports listed in this index relate to campaign finance documents filed for the period of January 1, 1975 through December 31, 1975. These records, as well as those filed since April 7, 1972 (the effective date of the Federal Election Campaign Act of 1971), are readily available for inspection and copying at the following location:

PUBLIC RECORDS DIVISION
FEDERAL ELECTION COMMISSION
1325 K STREET, N.W.
WASHINGTON, D.C. 20463

The Public Records Division is open from 9 a.m. to 5 p.m., Monday-Friday. Additional hours may be announced for reporting periods. The telephone number is:

(202) 382-7012

These records itemize the financial activity of Federal candidates and political committees. The records include numerous reports filed on a quarterly and pre/post election basis. For general reference, each reports includes a summary page for that period, listing amounts of total receipts, total expenditures, cash on hand, debts owed, and other breakdowns.

The Commission has available reference tables, ample work space, and knowledgeable staff to help locate documents. Because the reports are required to include a listing of every contribution and expenditure in excess of $100, a simple review may involve numerous reports with many pages. In order to assist the public, the Public Records staff is available to help narrow the scope of the review down to a size that can be handled.

ADDITIONAL REVIEWING OFFICES

Statements and reports from candidates for the U.S. House of Representatives and their personal political committees may also be reviewed at the Clerk's Office of Records and Registration, Room 1036, Longworth House Office Building, Washington, D.C. The office is open from 9 a.m. to 5 p.m., Monday through Friday.

Copies of reports from candidates for the U.S. Senate, the U.S. House of Representatives, and their personal political committees also should be on file with the candidate's own Secretary of State, whose office is usually located in the State capital.

ORDERING REPORTS

Copies of all the statements and reports filed by Federal candidates and their supporting political committees since April 7, 1972, are available for purchase for $0.10 per page from the Federal Election Commission. They may be obtained by writing or visiting the Commission at the following address:

PUBLIC RECORDS DIVISION
FEDERAL ELECTION COMMISSION
1325 K STREET, N.W.
WASHINGTON, D.C. 20463

Those persons visiting the Commission may use the available photocopy machines for copying all or any part of a statement or report. This self-service arrangement permits the visitor to select only the appropriate pages.

Those persons requesting reports through the mail should clearly identify the specific report(s) they wish to order. A request for copies should include (1) the full name of the candidate or political committee reporting, (2) the specific report desired, and (3) the time period of financial activity which the report covers. The index also lists the number of pages in each report, which can be used to compute the copy charge at $0.10 per page. Full payment in advance is required. Checks should be made payable to the "U.S. Treasurer."

If an order requires more than one half hour of Commission staff time there will be a charge of $2.50 for each following half hour. Authentication with the Commission Seal may also be obtained for a fee of $2.00 per document.

The Public Records Division staff is always available to assist persons in understanding the quantity of pages and cost involved in any order.

RESTRICTIONS

This index and the reports listed are made available for public inspection and copying "... provided, that any information copies from such reports and statements shall not be sold or utilized by any person for the purpose of soliciting contributions or for any commercial purpose." (2 U.S.C. Section 438(a)(4))

This index is only meant as a reference guide. The listing of reports was compiled from numerous indexes of the Commission and the three former Supervisory Officers. In many instances there are duplicate filings which are only listed once in this index. Although the Commission has tried to make this index as accurate as possible, there may be errors or omissions. As a result, this index should not be used to check on the compliance of candidates and political committees with their statutory filing requirements.

GUIDE TO INDEX OF STATEMENTS AND REPORTS

This index of statements and reports filed for the period January 1, 1975 through December 31, 1975 is divided into the three general categories listed below:

Part I - Presidential and Vice Presidential Candidates and Committees

Part II - Multicandidate Committees which are party related

Part III - Multicandidate Committees which are not party related

In each of these three categories, the index lists (1) the full name of the candidate or political committee, (2) the specific reports available, (3) the time periods of financial activity covered in each report, and (4) the number of pages in each report.

PART I

Listed alphabetically by last name in Part I are those Presidential and Vice Presidential candidates on whose behalf statements or reports have been filed. Personal Candidate Reports are listed immediately below the candidate's name. Following that is listed the candidate's principal campaign committee and/or any personal political committee appearing to operate on a nationwide basis. Finally, by State, is a list of any personal political committees operating on a statewide or local basis.
